

The background of the entire page is a deep blue with a fine, pebbled texture. Two large, stylized maple leaves are embossed into the surface. One leaf is positioned in the upper right quadrant, and the other is in the lower right quadrant. Both leaves have prominent veins and serrated edges. In the center-left area, there is a vertical column of four square embossed frames. Each frame contains a different geometric or abstract design: the top one has a vertical bar, the second has a cross-like shape, the third has a more complex interlocking pattern, and the bottom one has a vertical bar with a small dot above it.

# Corona Borealis

We, the members of the "Corona Staff," have attempted to fulfill the purpose for which this annual was intended, namely, to provide a "keepsake" which will be treasured by both the students and the Faculty of Concordia College.

The CORONA BOREALIS is a crown of seven stars in Canada's northern sky. This new name satisfies the ideas we wish to express in the title. Since it is in the northern sky, it is typically Canadian, and as a crown it has religious symbolism. We hope it will also serve as a reminder to all of the promise of our Savior, Jesus, "Be thou faithful unto death, and I will give thee a crown of life." Rev. 2:10.

We hope that this yearbook will keep your memories of Concordia fresh, and if it does we shall consider our task accomplished.

# dollars and scholars

Did you ever think of reading as an investment?

It is an investment in terms of time and attention and in terms of dollars expended for books.

Like other investments, reading pays dividends. A good book in any field returns to its investor increased understanding, greater knowledge, broader outlooks. A good book in the religious field brings to its reader the most lasting and important kind of benefit — spiritual dividends.

Wisely chosen and properly used, Christian literature is a perpetual source of spiritual stimulation, hope, and strength.

For a listing of books, new and old, to build your personal library—write to Concordia Customer Service Department in care of the address below.

# Traditions *that live*

Strong and honourable traditions provide the foundation of firm training in leadership expressed today in the motto of the three Canadian Services Colleges: Truth-Duty-Valour.

Allied to the prestige of the past is a university degree education given by these colleges to the officer-cadets of Canada's armed forces. Carefully selected high school graduates are trained for challenging professional careers as officers in the Navy, Army or Air force, for the responsibility of holding the Queen's Commission.

*to serve the* **Future**

Through the Regular Officer Training Plan (ROTP) the Department of National Defence will sponsor a limited number of qualified high school graduates to obtain a university degree education, either at the Canadian Services Colleges or at designated Canadian universities. Full details of this sponsored education can be obtained without obligation from your nearest Armed Forces Recruiting Centre, or by mailing this coupon now.

'Closing date for candidates applying for 1960 fall classes is 1 July 1960'.
